

SHARE HOUSING

North-East Housing currently has a 4-5 rooms available to rent, in a share house in Fairfield.

Rent - \$110.00-\$130.00 per week (including cleaning, electricity, gas and water).

The property is available for women over 40 years old who have previous share house experience, low needs and links to the Darebin area.

The house is managed by WISHIN with an expectation that all residents abide by the house rules and participate in weekly to fortnightly house meetings.

The property is currently transitional, meaning residents would be required to engage with a SAAP Worker (provided through WISHIN). There is the possibility of the property becoming long-term housing by the end of the year and applicants will need to agree to long-term housing or be prepared to find alternative arrangements when this change occurs.

There is the possibility of holding a gardening group at the house, having sewing lessons, and participating in monthly barbeques/picnics.

If you meet these criteria and are interested in share housing please contact Anna or Fiona @ WISHIN on 93811333 for further details.
